Objective

Computer Science undergraduate at the University of Colombo with industry experience in backend development, QA automation, Linux environments, CI/CD workflows, and containerization technologies. Experienced in building Flask/PostgreSQL systems, Playwright, Docker, Kubernetes, Git, and Agile development through internships at StackNet and OrangeHRM. Seeking a Software Engineering internship where I can contribute to scalable software systems while expanding my expertise in cloud-native technologies.

Experience

StackNet (Pvt) Ltd. — Software Engineering Intern May 2026 – Present

- Contributed to an ERP system (PRO-System) built with Flask and PostgreSQL, covering modules such as inventory, distribution, accounting, and reporting.
- Built the distribution module, including stock transfer requests, approvals, and returns management.
- Fixed backend logic issues in cost and profit calculations to improve reporting accuracy.
- Worked on SCAP, a Flask and PostgreSQL platform for solar system registration and audit workflows for a national solar compliance program.
- Improved error handling and form validation to give clearer feedback to end users.

OrangeHRM — Quality Assurance Engineer Intern Nov 2025 – May 2026

- Performed automation testing using Playwright and TypeScript within Agile development sprints.
- Collaborated with developers and QA engineers using Git and GitHub for version control and code review.
- Used Linux environments for automation testing and deployment-related workflows.
- Tracked defects and managed sprints using Jira and Zoho, gaining exposure to CI/CD and release processes.
- Strengthened debugging, scripting, and troubleshooting skills through real-world testing tasks.

Education

University of Colombo — BSc. in Computer Science 2023 – Present

Sanghamitta Balika Vidyalaya, Galle — Advanced Level 2012 – 2021

Combined Mathematics (A), Chemistry (A), Physics (B)

Projects

BUSMATE LK — Bus Transport Management System [Repository](#)

- Built a microservices-based transport platform for SLTB and private bus operations.
- Implemented online ticket booking, seat reservation, and live bus tracking.
- Technologies: Spring Boot, Next.js, TypeScript, PostgreSQL, Microservices

Waste360 — Polythene Waste Management System [Repository](#)

- Built a platform to manage collection and recycling of polythene waste into reusable products.
- Enabled public participation through organized disposal and sales channels.
- Technologies: HTML, CSS, JavaScript, PHP, MySQL

MediTrust — Healthcare Support Platform [Repository](#)

- Built a platform connecting patients, doctors, and donors for prescriptions, consultations, and treatment support.

- Technologies: MongoDB, Express.js, React, Node.js (MERN)

School Admin Management System

- Built a management platform for student enrollment, staff records, and tutorial scheduling.
- Technologies: MongoDB, Express.js, React, Node.js (MERN)

Technical Skills

Languages: Java, Python, JavaScript, TypeScript, PHP, SQL, HTML, CSS

Frameworks: Spring Boot, Flask, React, Node.js, Express.js, Next.js, Jinja2

Databases: MySQL, PostgreSQL, MongoDB

DevOps & Cloud: Docker, Kubernetes, Linux Administration, CI/CD Concepts

Testing: Playwright Automation, Functional & Non-Functional Testing, Postman

Tools: Git, GitHub, Jira, Zoho, VS Code, IntelliJ IDEA, MS Excel, Google Workspace

Core: OOP, Data Structures & Algorithms, Agile & Scrum, Requirement Gathering

Soft Skills: Problem-solving, Critical Thinking, Team Collaboration, Communication, Adaptability, Time Management, Analytical Thinking

Leadership & Extracurricular

IEEE Student Branch, University of Colombo School of Computing 2023 – 2025

- Content Team Lead (2024–2025)
- Co-Chair, Organizing Committee — CodeQuest: Vault Edition (2025)
- Member, Organizing Committee — MADHack 3.0 (2024)

Rotaract Club, University of Colombo School of Computing 2023 – 2025

- Treasurer (2024–2025)

Hackathon Participation:

- Intellihack 5.0 — Organized by IEEE Computer Society, UCSC (2025)
- IDEALIZE'25 — Organized by AIESEC, University of Moratuwa
